

OFFICIAL SHOW GUIDE ADVERTISING RATE SHEET

EXHIBITION: APRIL 18–20, 2016
CONFERENCE: APRIL 18–21, 2016 • NEW ORLEANS, LA • MORIAL CONVENTION CENTER

INFORMATION

Upon registering for the ELECTRIC POWER 2016 Conference and Exhibition, each visitor receives a copy of the Official Show Guide. During their stay, this guide is used constantly as an important source of information, including:

- Details and locations of conference sessions, presentations, and speakers
- Descriptions of the products and services on display in the exhibition
- Booth numbers and locations on the floorplan for each exhibitor
- Times of all business and social functions
- Details on bus services, telephone numbers, and all auxiliary services

PARTICIPATION

By advertising in the Official ELECTRIC POWER 2016 Show Guide exhibitors have the unique opportunity to reinforce their visibility to a well-defined, captive audience. Moreover, after the event, many visitors retain the catalog as a source of reference to the products and services they saw on display at the show. Therefore, your advertisement continues to work as a constant marketing tool long after the show is over. It is also used as an excellent medium to chronicle the many technical presentations during the conference. Historically, advertisers have used existing advertisements to eliminate the requirement of developing special advertising material. If you're seeking to maximize your company's exposure, you should advertise in the ELECTRIC POWER 2016 Official Show Guide.
