

# POWER INDUSTRY EVENTS

## ELECTRIC POWER

April 21-23, Chicago, IL & April 19-21, 2016, New Orleans, LA

The ELECTRIC POWER Conference & Exhibition brings together thousands of the industry's key players and top professionals for four days of business-building, industry-advancing collaboration. These key decision makers are seeking products, services and technologies to help them run a cleaner, more fuel-efficient plant and to interact with leading industry suppliers who have the answers they need. ELECTRIC POWER Conference & Exhibition was created by the power industry, for the power industry.

## PRB COAL USERS' GROUP ANNUAL MEETING

April 21-23, Chicago, IL & April 19-21, 2016, New Orleans, LA

The PRB Coal User's Group annual meeting is for generating companies using or considering the utilization of sub-bituminous Powder River Basin coal. Session topics include handling/storage, combustion, environment issues and fire protection and leave plenty of time to network and walk the ELECTRIC POWER exhibit hall to touch, feel and question exhibitors on new technology.

## LDC GAS FORUMS

LDC Gas Forum/Southeast, Atlanta, Apr. 13-15, 2015

LDC Gas Forum/Northeast, Boston, June 15-17, 2015

LDC Gas Forum/Mid-Continent, Chicago, Sept. 14-16, 2015

LDC Gas Forum/Rockies & West, Los Angeles, Oct. 5-7, 2015

LDC Gas Forum/Canada, Toronto, Nov. 9-11, 2015

The LDC Gas Forums, consisting of five regional conferences held annually, are the premier events for the natural gas industry to meet and do business. The conferences are highly regarded for providing excellent content and networking opportunities that bring together buyers and sellers in the natural gas marketplace. The Forums cover issues affecting all aspects of the natural gas marketplace, including sources of supply, utilization of storage, infrastructure projects, LNG opportunities, hedge fund analysis, and supply constraints.

## ENERGY OCEAN

Summer 2015

Energy Ocean is the world's leading event focusing on renewable and sustainable energy from the oceans and is the primary education platform and networking event for key players in the industry. Attendees will learn of the latest technological advances, investment opportunities, regulatory issues, and planned and implemented projects around the world. No other event provides such strategically targeted networking opportunities.

For more information, please visit [www.energyocean.com](http://www.energyocean.com).

## ASIAN SBC USERS' GROUP ANNUAL CONFERENCE

Fall 2015

The Asian SBC (sub-bituminous coal) Users' Group is Asia's premier conference created to promote the safe, efficient, and economic use of sub-bituminous coals by generating companies. The users' group focus includes safety, handling, combustion, characteristics and risk management.

## WESTERN POWER SUMMIT

FALL 2015

The Western Power Summit brings together executive management, senior policy makers, financial executives, and senior consultants to address the daunting challenges facing the western electric power markets. Address issues confronting the WECC region, develop strategic relationships, and plan for the future during this focused day-and-a-half event.

## NGL FORUM

San Antonio, Dec. 7-9, 2015

The NGL Forum is held in the same tradition as the LDC Gas Forums, with all facets of the liquids-rich industry coming together to network and hear from industry leaders on vital issues and forecasts in the midst of this crucial market opportunity. With the recent shifts in the condensate value stream, supply infrastructure, and exporting opportunities, the NGL Forum helps you stay abreast of the happenings in this sector of the industry.
